

CITY OF PEMBROKE SNOSPREE PLANS ARE SHAPING UP!

Once again, the City of Pembroke's SnoSpree is just around the corner! This year's winter celebration will be held on February 4 -7, 2010. Our focus again in 2010 will be exclusively on children and youth, and as a result, we are in the midst of organizing an action packed day at SnoSpree Central (aka L'Equinoxe school gymnasium). There will be musicians, magicians, jugglers and dancers as well as interactive activity stations, all designed to bring out the child in everyone! SnoSpree Central will be open from 12 noon - 4 pm and if last year's attendance is any indication for this year, we're anticipating lots of families will be on site.

While our focus will be on children, we are also hosting the **First Annual Parade of Snowmen Decorating Competition**. The competition is open to any business, group, or institution in the community and is free to enter. The Recreation Department has 21 plywood snowmen silhouettes that have been donated by local businesses. Participants must come up with creative and fun ways to paint and decorate both sides of their snowmen. This is a great team building exercise! Once completed they will all be installed on the light standards in downtown Pembroke where they will remain throughout last week of January and the month of February. During this time, the Snowmen will be viewed on line as well, as part of a silent auction open to the public. Proceeds raised for each snowman will go directly to the charity of your choice.

There are only 21 silhouettes this year, and registration is first come, first serve! So don't delay! Once the registration form has been completed and faxed or dropped off at the PMC at 393 Pembroke St. W, the Recreation Department will contact you to come and pick up your Snowman cut out!
